END OF GRADE REPORT

Official

The "Term" refers to the semester in which the participant enrolled in the course. A participant may take up to one year to complete a PDI online course.

The "Credit Option" column shows if the participant received credit through our university affiliate for the course. If this space is empty or if it shows only "PDI", the participant DID NOT request university credit for the course. If this space shows UC, the participant completed a course worth 3 1/3 semester units of credit which is equivalent to 50 hours. If this space shows GC, the participant completed a course worth 3 semester units of credit which is equivalent to 45 hours.

Unless otherwise noted, all Professional Development Institute courses are worth three and 1/3 semester units of credit (five quarter units) which is equivalent to 50 hours of in-service training.

Caryn Chavez, Director
